Warm Home Discount Scheme

You could get £140 off your electricity bill under the Warm Home Discount Scheme. Many, but not all, energy suppliers offer the discount. Payment will be made by March 2020.

If your supplier is part of the scheme there are two ways to qualify:

* You get the Guarantee Credit element of Pension Credit- known as the **CORE GROUP**. You'll receive a letter by December 2019 telling you how to get the discount if you qualify. Or call the Warm Home Discount Team on 0800 7310214 for more information

*You're on a low income and meet your energy supplier's criteria for the scheme-known as the **BROADER GROUP**. You need to contact your supplier to find out if you qualify and to make an application. Apply early as suppliers have limited funds. You need to apply every year.
